Florence – Estimated driving time 1 hour

Leave the Villa car park turning right down the lane at the end of the lane turn left. Go down the hill and up the other side at the top at a t-junction turn left and go into Pozzo. In Pozzo make a right, stay on this road for approx. 2 km. At the T junction turn left signed Marciano and after 200 meters take the next right signed A1. Follow the road for a couple of minutes to next T-junction and turn left signed Monte San Savino and A1. Continue down the hill for 2 minutes, pass under the autostrada and the entrance is immediately on your left. Head toward Florence. You will be on the A1 for approx. 40 minutes.

Come off at Firenze Sud:

After the tollgates take the dual carriage way towards Florence, you will be on this for approx 5 mins (watch out for speed cameras). At the end of the dual carriage way* keep to the left and, once at the "t" junction, turn left heading into the centre of Florence along the main road. Pass across the small round about with the man holding an umbrella in the middle! And carry straight on for 5 mins crossing several junctions. You will eventually come to a one-way system. Follow the road round to the right and move over to the left hand lane. Take the first turning on the left and follow to the next junction. Turn left again and straight ahead of you will see a tower. To the right hand side of that is a car park. Park where you can. This is Piazza Piave.

N.B. It is a pay and display system, so take some change with you on the trip and do not let anyone con you into buying a ticket for your car, only the machines issue tickets, they are very strict in Florence.

The centre is 10 minutes walk.

*keep to the right for approximately 8 kms on route 222 (Chiantigiana) towards Siena
