

Fontelunga

Siena Journey: Estimated driving time 45 minutes.

Leave the Villa car park turning right down the lane at the end of the lane turn left. Follow the road down and up the hill at the next "T" junction turn left and head up in to Pozzo. At "T" junction in Pozzo turn right and then IMMEDIATELY left signed Lucignano. Follow this road to its end to a strange round about/junction, follow signs to Lucignano, Stay on this road for a couple of minutes passing over the railway line and motorway, eventually coming to a T junction. Turn right, heading up the hill, after 2 minutes you will be in Lucignano. Pass through the village, following signs to Siena. About 5 minutes drive after Lucignano passing over the railway line, you will come to main Highway to Siena. Stay on the highway for approx. 30 minutes.

N.B. If you have time in your day we highly recommend at this point taking the **scenic route**. Come off the highway at Asciano, 5 mins after entering at lucignano. Follow the signs to Asciano go through Asciano and then follow signs for Siena again. This takes you through the "Crete Senese", amazing countryside, and brings you back on to the highway just before Siena and will add 30 mins to your journey.

When you reach Siena you will see many signs for all the different gates. Choose the one that would suit you best. We have used Porta Ovile before, that has a small free car park in front of it, if that is full, there is a pay car park a little further up the road.

Coming Home!

When returning to Villa Fontelunga, you will need to follow signs to Arezzo A1 Autostrada these will take you back to the highway from the centre of Siena. At night it is quite difficult to return via the same junction that you used to enter the highway so therefore it is best to follow the highway all the way to its junction with the A1 Autostrada (The green Signs). Exit the highway at this point. At the round about in front of the Autostrada tollbooths take the 3rd exit, left, signed Foiano della Chiana. Pass over the motorway and at the next round about take the 2nd exit signed Foiano della Chiana. Pass through an underpass and at another round about, take the 2nd exit signed Foiano della Chiana. Immediately afterwards there is another small round about, take the 2nd exit signed Foiano della Chiana (Hotel Forum on your left). After approximately 5 minutes you will come to traffic-lights in Foiano, pass straight across, to the next traffic-lights and pass straight across again. After approx. 500 meters you will come to another round about, take the first exit. Stay on this road for about 5km, at which point, look out for a BAR (Roxy Bar) on the left hand side. Approx. 300 meter after the BAR you will see a small blue sign for a left-hand turning to POZZO. TAKE THIS TURNING. You are now in a small country lane and after 500 meters you will pass a small chapel on your left. Stay in the lane passing up the hill, at the top where the road takes a sharp turn to the right, take the unpaved road to the left signed "Villa Fontelunga" (Via Cunicchio). The Villa is 100 m on the left hand side: please park under the pine trees.
