

CHARLOTTE STREET HOTEL (Fitzrovia, London)

HOTEL HIGHLIGHTS

Charlotte Street Hotel is located north of Soho and is a short walk from Soho Square, the theater district and the British Museum; it's also within the heart of London's media, entertainment and fashion industries. Charlotte Street itself is a lively, busy street overflowing with pubs, bars and restaurants. The hotel has 52 stunning, individually designed bedrooms and suites, a great restaurant and bar, a fully equipped gym, meeting rooms, private dining rooms and a 75-seat state-of-the-art screening room. There is also a beautiful drawing room and library with open fireplaces and honesty bar. Bedrooms are bright and light and designed with Kit Kemp's inimitable flair and good taste. Bathrooms are granite and oak with double sinks and walk-in showers. Loft suites are split-level with cathedral ceilings and are suitable for families, and the open-plan penthouse suite has views overlooking the rooftops of Fitzrovia.
